m.BoxOffice for sports clubs

Every gate can be a box office.

On matchday a modern, easy-to-use mobile box office lets you sell tickets at every gate, not just at the ticket window. The seller picks a seat or section, the fan taps to pay, the ticket prints and you scan it at entry.

Matchday sales

A table by the gate, a phone and a Bluetooth printer. Fans buy a ticket just before going in.

Same seats as online

Seats and sections are the same as online and at the box office. No seat is ever sold twice, and gate sales land in the same reports.

Entry control

m.BoxOffice has built-in ticket scanning. For entrances with several lanes, connect it to the mojekarte access control system.

Match or season rental

Rent devices for a single match or a whole season. Every seller has their own cash-up, and you can also invoice companies and sponsors.

Contactless payments

Visitors tap a card or phone to pay. You accept cards through our payment partners, and we can add further partners of your choice. You also accept prepaid cards.

- Worldline Tap to Pay
- NLB Smart POS
- OTP Smart POS
- Google Pay
- Apple Pay
- Prepaid cards

In the stands and at the bar

m.BoxOffice also sells club merchandise, drinks and snacks, at the bar or right in the stands.
