Sell in three steps

01 Offer

Pick a ticket, upgrade or package on the screen.

02 Payment

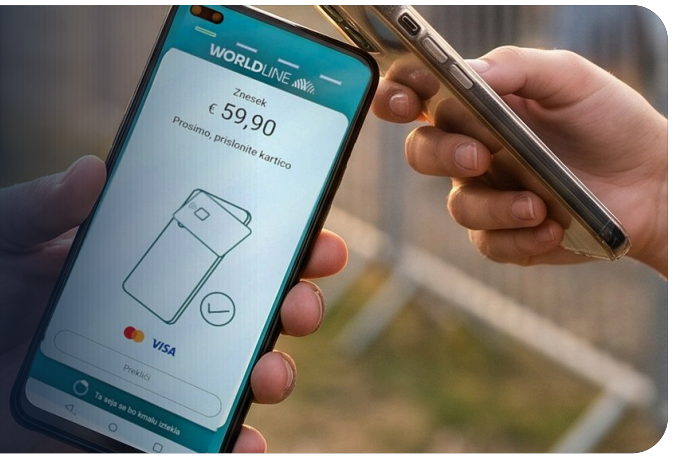

The visitor taps a card or phone, or pays in cash or with a gift card.

03 Ticket

Print the ticket and fiscal receipt, including company invoices.

For organisers: who sold how much

Every promoter has their own cash-up and shift closing. Sales run in the same system as online and at the box office, so you never sell more tickets than are available.

Phone or dedicated professional handheld device

Sell on a smartphone with a Bluetooth printer or on a dedicated professional handheld device with a built-in printer and scanner.

Rental

Rent devices for a single event or a whole season.

Contactless payments

Visitors tap a card or phone to pay. You accept cards through our payment partners, and we can add further partners of your choice.
